RIBBON-CUTTING CEREMONY TO CELEBRATE NATIONAL ENZYME COMPANY'S NEW FACILITY

Forsyth, MO- National Enzyme Company is proud to announce that it will hold a ribbon-cutting ceremony for its newly constructed facility onsite at 10275 East State Highway 76, in Forsyth. The ceremony will be held on Wednesday, April 22 at 11:30 a.m.

Tony Collier, Owner and CEO of National Enzyme Company, will be on hand to offer a few remarks about the new facility and its significance to the company. He will participate along with the company directors in the ribbon-cutting ceremony. All employees of National Enzyme Company will be onsite for the occasion.

The new facility comprises over 10,000 feet of manufacturing space and will house National Enzyme Company's encapsulation and blending departments. This expansion will allow National Enzyme Company to work more effectively and efficiently, as well as allow room for growth within the company. Not only will this new facility fuel the local economy, but it will also allow growth within the supplement industry.

National Enzyme Company relocated to Forsyth, Missouri in 1979 with three employees. Today, National Enzyme Company employs over one hundred area residents. National Enzyme Company has been the leader in nutritional enzyme technology since 1932. NEC provides manufacturers and distributors worldwide with comprehensive dietary supplement services, including unique product development, precision blending, encapsulating, full-service bottling and labeling.
