

## PRESS RELEASE

August 16, 2007

# NATIONAL ENZYME COMPANY APPOINTS NEW CANADIAN REPRESENTATIVE

Kansas City, Missouri, USA - National Enzyme Company, the leading enzyme contract manufacturer in North America, appoints Wayne Williamson as the new Canadian account manager. Mr. Williamson joined NEC in 2006 and has shown exceptional dedication to his European customers. His high level of customer service and his willingness to learn his client's needs and interests is a great benefit.

With over twelve years of International business experience Mr. Williamson has an ever growing knowledge of enzymes and dietary supplements. He also has in depth knowledge of International logistics and product packaging. Mr. Williamson previously worked with a Californian vegan cheese manufacturer helping them establish their own manufacturing facility and launch their first retail sales network.

For over 75 years, National Enzyme Company has been the leader in nutritional enzyme technology. From research and development to marketing support, NEC provides manufacturers and distributors worldwide with comprehensive enzyme based dietary supplements. Utilizing current technology in production, NEC is capable of handling all customers' needs. NEC adheres to strict NSF and TGA certified GMP's, including precision blending, encapsulating, labeling and full-service bottling. NEC's primary focus is in product formulation and development; creating strong, marketable products that affect the nutritional industry in a positive and progressive manner.
