

ZIP

Enzyme, Herbal & Vitamin ENERGY Supplement

EX2

YOUR CUSTOMERS WANT TO INCREASE THEIR NUTRITIONAL ABSORPTION AND FIGHT FATIGUE. ZIP EX2 GIVES THEM THREE WAYS TO DO IT. *

ZIP EX2 provides a powerful, three-tiered solution to your customers' energy management needs. Using a unique blend of digestive enzymes, herbs and vitamins, ZIP EX2 supports the body's metabolic energy mechanisms and delivers lasting results throughout the day.

DIGESTIVE ENZYMES HELP YOUR CUSTOMERS MAXIMIZE THEIR NUTRITIONAL INTAKE. *

Healthy eating is critical to your customers' active lifestyles, but even "whole foods" can cause energy-zapping digestive stress. ZIP EX2 facilitates the digestive process naturally, reducing the energy drain that often occurs as a result. Powered by four digestive enzymes and one lipolytic blend, ZIP EX2 helps the body break down macronutrients found in proteins, fats and carbohydrates into their simplest components and absorb them easily.

B VITAMINS AND HERBAL INGREDIENTS BOOST ENERGY—NATURALLY. *

Health-conscious consumers are looking for new ways to beat the afternoon doldrums without the help of stimulants like caffeine. ZIP EX2's added B vitamins provide a stimulant-free energy boost and support the immune system, brain function and metabolism, while herbal ingredients work to sustain physical stamina and enhance mental alertness. That means your customers will have the lasting energy and focus needed to do what they want, when they want—without the risk of a stimulant-induced crash.

Provides long lasting stamina*

Helps break down food into more accessible, energy providing particles*

No Crash high energy without jitters*

Fights the common afternoon drop in energy *
